

Township of Adjala-Tosorontio
Colgan Community - Wastewater Treatment Plant and Outfall
Class Environmental Assessment Study (Phases 3 and 4)
Notice of Public Information Centre

In January 2016, the Township of Adjala-Tosorontio completed the Colgan Master Servicing Plan Amendment, which identified a preferred wastewater servicing solution for approved growth areas in the Community of Colgan. The Master Servicing Plan satisfied Phases 1 and 2 of the Municipal Class Environmental Assessment (Class EA) process for the wastewater projects, which are subject to Schedule C of the Municipal Class EA. Phases 3 and 4 of the Class EA process are now progressing to identify the preferred locations and design concepts for the wastewater treatment plant (WWTP), and outfall to service the growth areas.

Public and agency consultation is vital to the success of this study. To ensure that those interested in this project have an opportunity to provide input to the study team, a Public Information Centre will be held as per the details noted below.
