

**TOWNSHIP OF ADJALA-TOSORONTIO**  
**SCHEDULE 'C' CLASS ENVIRONMENTAL ASSESSMENT**  
**EVERETT WASTEWATER TREATMENT PLANT SURFACE WATER OUTFALL**

**NOTICE OF STUDY COMMENCEMENT**

The Township of Adjala-Tosorontio is undertaking a Schedule 'C' Class Environmental Assessment for the design of a surface water outfall to the Pine River for the proposed Everett Wastewater Treatment Plant (WWTP). Any required upgrades to the WWTP to facilitate the surface water discharge, including activities such as capacity improvements will also fall under the scope of this Schedule 'C' Class EA.

The Schedule 'C' Class EA process is to be completed in accordance with the requirements of the Municipal Class Environmental Assessment (Class EA) process (October 2000, as amended in 2012) and the Municipal Engineers Association (MEA) guidelines. As part of the Schedule 'C' Class EA process, the Class EA would complete Phases 3 & 4 of the process (preferred solution design concepts and Environmental Study Reporting respectively) in order to allow for implementation of the final phase discharge option for the WWTP to the Pine River.

Public Consultation is vital to the success of this study. We want to ensure that anyone interested in this project has the opportunity to provide input. Therefore, various forms of public consultation will take place over the course of this study to receive public input and comments. A Public Information Centre (PIC) will be held to present alternative servicing strategies and receive public input. Notice of the PIC will be published in advance of the meeting. At the completion of the planning process, the Environmental Study Report and the project file for this Schedule 'C' project will be filed for public review.

Project updates and notices will be posted on the Township's website ([www.townshipadjtos.on.ca](http://www.townshipadjtos.on.ca)) to inform the public of the Environmental Study Report's progress. Residents and interested parties are encouraged to regularly visit the website to find out more about the Study.

If you have any questions or concerns, and/or would like to be added to the study mailing list, please contact one of the study representatives listed below.
