
The Township encourages applicants to meet with Municipal staff to discuss a proposed project prior to spending time in preparing plans and/or completing the application and reports.

This application form must be completed in its entirety and submitted to the Township for consideration. Personal information on this application is collected under the legal authority of the Planning Act, as amended.

The consent approval process is a helpful alternative for land division proposals that are relatively less complex where a plan of subdivision is not required. Consent is appropriate if a landowner proposes to; create a limited number of new lots (lot creation), add land to a neighboring lot (lot addition), create one or more rights-of-way (easements), charge over a part of a property (mortgage), or enter into a lease over a part of a part of a property when the term of the lease totals 21 years or more, including of renewal options.

Complete and accurate submissions are required to ensure that the file can be processed. Incomplete or inaccurate applications will be returned to the applicant for re-submission. Except for required signatures, answers must be typed or neatly printed in dark ink, suitable for reproduction. All sections must be completed, or marked "N/A" (not applicable), as the case may be.

Fees associated with the application can be confirmed with staff, and are provided in By-law 20-07 (Fees and Charges By-law, Schedule A), available [here](#) Should an amendment to an application be required after the initial circulation and prior to the Committee making a decision, the amended application may be subject to additional charges. The applicant(s) will be advised of the required fees at the time the amendment is requested.
