

JOB FINDING CLUB FOR IMMIGRANTS

New country. New opportunities.

MENTORS FOR NEWCOMERS

Want to help a Canadian newcomer? **Become a mentor.**

Navigating the path to employment can be challenging for newcomers to Canada.

The Job Finding Club for Immigrants partnership connects newcomers to mentors in their field, who provide guidance and support and answer industry-specific questions. Each mentoring relationship is unique, with mentees and mentors setting the parameters.

Mentees aren't the only ones who benefit from this program. As a mentor, you'll:

- Gain additional knowledge and skills on cross-cultural communications and incorporate them into your own workplace.
- Contribute to the EDI (equity, diversity and inclusion) work your organization is doing.
- Attend networking events and get to know the skills Canadian newcomers offer our communities.
- Speak to Canadian newcomers about your employer and industry.
