## Township of Adjala-Tosorontio 2023 Budget Drivers Major Differences of 2022 vs 2023

Description	Comments	Net	Cost Impact
Transfers to Capital Reserves	There have been no budgeted transfers to capital related reserves for the last two years. These capital reserves are almost fully depleted	\$	1,000,000
Compensation	COLA increase is 2.5%, Council approved grade changes to positions, increase in benefits; Extented Health benefits, dental benefits as well as increase in the WSIB rate	\$	287,475
Admin External Recovery	Removed COVID-19 related grant funding as remaining funding was used in 2022	\$	173,720
Transfer from Reserves	2022 budget included \$150,000 transfer from reserves to offset the levy increase	\$	150,000
Insurance Premiums	Hard insurance market, inflation and increases in the value of insured properties	\$	109,870
Transfer from Reserves	Gas Tax used to fund the debt retirement in 2022 has been removed. In 2023 Gas Tax is being used to fund capital projects: Concession 3(b) and Wastewater capital projects	\$	117,789
Planning - Transfer from Reserves	Transfer from Planning Reserve used in 2022 to offset OLT costs. Reserve now has a zero balance	\$	48,222
OLT costs	Increase of \$50k in OLT litigation and consulting cost	\$	50,000
Council related expenses	Increase in council budget for training, legal and consulting	\$	52,300
Internal Recovery	External recovery for staffing costs move from Planning to Water and Wastewater that is rate supported	\$	50,000
Fuel Costs	Unavoidable increases in fuel costs	\$	48,000
Public Works	Unvoidable increases in Winter Control materials, Dust Control Contract and maintenance expenses	\$	102,000
Total		\$	2,189,376

## Capital Reserve Funding for 2021 to 2023

Reserve	2021 Budget Transfer	2022 Budget Transfer	2023 Proposed Budget Transfer
Fire Reserve - 0140	0	0	300,000
Equipment Reserve - 0422	0	0	400,000
Capital Asset Mgmt Infastructure Gap - 0353	0	0	200,000
Building Assessment Reserve - 0428	0	0	100,000
Total	0	0	1,000,000

## Capital Reserve Balances

Reserve Name	2021 YE Balance	2022 YE Balance	2023 Projected YE Balance without Transfers
Fire Reserve - 0140	135,855	81,560	38,620

#### A - PROJECT DETAILS

PROJECT TITLE	Community Risk Assessment and Fire Master Plan
PROJECT DESCRIPTION	Fire Master Plan will provide a strategic planning framework over a 10-year planning horizon. The Township's Community Risk Assessment will be used in conjunction with the Fire Master Plan to present a comprehensive analysis of the Township's fire protection "Needs and Circumstances" and to support the decision-making process with respect to the delivery of fire protection services.
PROJECT JUSTIFICATION	The purpose of these plans is to strategically guide the Fire Department as the Township grows. It provides a comprehensive review of all aspects of the Township's Fire Service, ensuring that performance standards and guidelines reflect industry best practices, and are in compliance with the Ontario Fire Protection and Prevention Act (1997).
PROJECT IMPACT	Community Risk Assessments (CRA) are required pursuant to Ontario Regulation 378/18 and must be completed by July 1, 2024. As part of this new regulation the reports will assist in prioritizing the risks in the community and determine the fire protection services to be provided. The impact of not proceeding with this project is the municipality will not be in compliance with the new regulation.

#### A - PROJECT DETAILS

PROJECT TITLE	SCBA Fill Station Replacement
PROJECT DESCRIPTION	To fund the respiratory protection equipment project to purchase and replace the fill station, compressor unit and storage banks at the Loretto Fire Station. Including the replacement of Self-Contained Breathing Apparatus Cylinders (6) and SCBA facepieces (12).
PROJECT JUSTIFICATION	The current SCBA fill station/compressor at the Loretto Fire Station is over 20 years old and has exceeded its expected service life and requires replacement. In addition, replacement parts for minor repairs are no longer available. The approval of this project completes a two-year multi-station replacement project as identified in the 10-Year Capital Plan
PROJECT IMPACT	This respiratory equipment is required to maintain approved fire protection service levels in response to emergency incidents and/or maintain mandatory training levels. The impact of not proceeding with this project is the municipality will be unable to provide appropriate and timely support required for the refilling of personal protective equipment (SCBA).

#### A - PROJECT DETAILS

PROJECT TITLE	Thermal Imaging Cameras Replacement
PROJECT DESCRIPTION	To purchase and/or replace fire equipment. Replace two (2) thermal imaging cameras that are at the end of their service life. Replace fire hose across the Everett and Loretto Fire Stations as existing fire hose are at the end of their service life. Replace (20) twenty nozzles with high flow nozzles for firefighting with modern construction requires higher volumes of water at manageable water pressure.
PROJECT JUSTIFICATION	First, the quality in existing thermal imaging cameras is limited and are taken out of service for maintenance on a regular basis. Second, due to the age of our existing hose, we are experiencing a high failure rate. Additionally, department is transitioning to high flow nozzles. This in combination with an aging hose inventory compels the change to a higher flow/lower pressure hose line.
PROJECT IMPACT	The municipality has a legislative responsibility under The Occupational Health and Safety Act to take every reasonable precaution with regards to the safety of its workers. The impact of not proceeding with this project is the municipality will be unable to provide the approved fire protection service levels in response to emergency incidents and/or maintain mandatory training levels.
